MANAGEMENT DISCUSSION & ANALYSIS

Company Overview

Cords Cable Industries Limited (CCIL) is a specialised Control & Instrumentation cable company offering wide range of cable products to multiple industries. CCIL has over 3 decades of rich experience and enjoys a strong brand image in the B2B segment. CCIL designs, develops and manufactures a varied range of Instrumentation, Control, Thermocouple Extension / Compensating, Power and Communication cables. The company's state of the art manufacturing plants are located at Alwar district in Rajasthan.

CCIL is in the business of providing cost-effective and quality solutions for various signalling, electrical connectivity requirements. CCIL has carved a niche in manufacturing of customised cables as per the customer's specifications. About 95% of the company's orders are based on customer specifications. About 85% of the company's cable comprises of Instrumentation & data cables and balance about 15% comprises of Power cables. Investments in infrastructure and various industries will prove to be a big positive for the company. CCIL continuously strives to achieve higher efficiencies, cost control, better preventive maintenance and focuses on improving its product mix to attain economies of scale. Further, the interest rate scenario in the country is likely to soften in the near future which will enable the company to significantly save on its interest cost.

ECONOMIC OVERVIEW

GLOBAL:

Global growth is projected to strengthen to 2.7 percent in 2017 and 2.9 percent in 2018-19. In advanced economies, a modest investment-led recovery is underway, with growth picking up to 1.9 percent in 2017, from 1.7 percent in 2016, before moderating in 2018-19. In Emerging Market and Developing Economies (EMDEs), growth is anticipated to recover to 4.1 percent in 2017, from a post -crisis low of 3.5 percent in 2016, and reach an average of 4.6 percent in 2018-19. Global trade has gained momentum, following two years of pronounced weakness. The upswing is driven by strengthening investment in advanced economies, increased trade flows to and from China, and improved import demand from commodity-exporting emerging market and developing economies. Nevertheless, slower trade liberalization, flagging value chain integration, and

elevated trade policy uncertainty continue to weigh on the medium-term outlook. Global financing conditions remain benign, benefiting from improving market expectations about growth prospects. Commodity prices are expected to recover at a moderate pace, although oil price projections have been revised down, reflecting the prospect of increased U.S. shale oil production.

INDIA:

The year 2016-17 was a very eventful year in terms of Policy reforms such as the passage of constitutional amendment, paving way for implementation of Goods and Services Tax (GST) and cancellation of the legal tender of high denomination notes of Rs 500 and Rs 1000 i.e. Demonetization. Demonetization had a short-term impact on the economy but it is expected to benefit in the long run by the way of reduction in corruption, boost for digital payments etc. On the other hand, GST would play a bigger role in shifting large part of unorganized market to organized market, which is also expected to improve tax compliance and is expected to boost investment and growth.

The improvement in India's economic fundamentals continued to improve in the year gone by with the combined impact of strong government reforms, RBI's inflation focus supported by stable global commodity prices.

As per the World Bank, India is projected to grow at 7.2 per cent in 2017 as against 6.8 per cent growth in 2016 and at 7.5 per cent in 2018 and 7.7 per cent in 2019. Even after World Bank revising India's growth forecast downward, India remains the fastest growing economy in the world.

With the easing of cash shortages, rise in the exports and increasing Government capital expenditure, which partially offsets the soft Private investments in the country, India stands out to be the hottest investment destinations in the world.

INDUSTRY SCENARIO:

The wires and cables industry in India has grown significantly in the past decade. Over the past 20 years, the industry has shifted from being an unorganised sector to an organised one, but yet 35% of the industry continues to be a part of the unorganised sector. The industry is expected to grow at 13% CAGR over

FY16-20 and its market size is estimated to reach 640 Bn by FY20. As per Indian Electrical & Electronic Manufacturer's Association (IEEMA), the estimated size of the industry was 392 Bn as of FY16, with power cables forming 40% of the market.

The prospects of the Wire and Cable industry are interlinked with the health of other industries viz: Power, Telecom, Railways, Real estate, Steel, Cement, Refineries, Infrastructure etc. Significant investments across key end-user segments in the background of government initiatives such as 'smart cities' and 'housing for all' are expected to drive the demand for cables.

With the growth of other related industries, the Indian Wire and Cable industry is indeed bound to grow & prosper.

OPPORTUNITIES IN VARIOUS SECTORS

POWER:

Power is one of the most critical components of infrastructure crucial for the economic growth and welfare of nations. The existence and development of adequate infrastructure is essential for sustained growth of the Indian economy. Electricity demand in the country has increased rapidly and is expected to rise further in the years to come. In order to meet the increasing demand, massive addition to the installed generating capacity is required.

Government's focus on attaining '**Power for all**' has accelerated capacity addition in the country. With the adoption of "**UDAY**" by majority of the states, the state distribution companies' debt is expected to come down.

Total installed capacity of power stations in India stood at 315,426.32 Megawatt (MW) as of February 28, 2017. The Ministry of Power has set a target of 1,229.4 billion units (BU) of electricity to be generated in the fiscal year 2017-18, which is 70 BU's higher than the target for 2016-17.

Government is also expected to bid out transmission projects worth ₹1 trillion over the next two-three years, driving sustainable demand for power cables for the next three-five years.

With all the above measures underway the power cables market is expected to expand by 1.5-1.7x in the next three years compared to FY14-16.

REAL ESTATE SECTOR:

The real estate sector had a bumpy ride in the year, where the sector had witnessed a gradual recovery in the first half of FY 2016-17, while there was a shock in terms of demonetization, in the later part of the year.

The Indian real estate market is expected to touch US 853 Bn by 2028 from USD 126 Bn in 2015. The real estate contribution to India's GDP is expected to be 13% in 2028. This market is expected to grow at CAGR of 15.2% during FY08 to FY28E. The growth drivers are Urbanization, Policy support, Easier financing options, Lower interest rate, increasing household income etc. Retail, hospitality and commercial real estate are also growing, providing the much-needed infrastructure for India's growing needs. Private Equity investment in Indian real estate sector has been on increasing trend in the last 5 years.

Various regulations such as benami property transaction prohibition act, Real estate regulatory authority (RERA), GST, are expected to boost confidence among buyers, which over the years remained saddled with unethical practices.

A pick up in the construction activities will also lead to an increase in demand of Wires & Cables.

AIRPORT MODERNIZATION:

India's civil aviation industry is on a high-growth trajectory. As per the IATA, India will become the third largest aviation market in the world in terms of passengers by 2026. Furthermore, the IATA also expects the air passengers to grow at a CAGR of 3.7 per cent to double from 3.8 billion air passengers in 2016 to 7.2 billion air passengers by 2035. According to CAPA, domestic air traffic is expected to grow 25 per cent and cross 130 million in fiscal year 2017-18.

The Civil Aviation industry has ushered in a new era of expansion, driven by factors such as low-cost carriers (LCCs), modern airports, Foreign Direct Investment (FDI) in domestic airlines, advanced information technology (IT) interventions and growing emphasis on regional connectivity.

AAI has undertaken various modernization and up gradation works such as construction of new domestic terminal building to handle increased peak hour passengers and conversion of old terminal building to international cargo terminal at Tiruchirappalli Airport, in

a bid to develop airports in various small cities of Tamil Nadu. Chennai airport is also expected to undergo modernization at an estimated cost of Rs. 2,587 crores.

These modernization plans will further boost the demand for Specialised Cables.

Railways -

The Indian Railways is among the world's largest rail networks and is the backbone of the nation's transportation system. It connects the length and breadth of the country enabling large-scale, rapid and low-cost movement of people & goods. Railways are highly dependent on Cables for current supply, control tasks, data transmission etc.

In the recent Budget, the Railway expenditure allocation has increased by 8% to Rs. 1,31,000 crores for laying down 3,500 km of railway lines in FY 2017-18. Additionally, the Government will provide Rs 55,000 crores towards capital and development expenditure of Railways. These fund allocations are expected to boost the development of Indian Railways which augurs well for the cable Industry as well.

The Indian Railways are also targeting to achieve few goals by 2020 which includes

- a. establish quality of service benchmarked to the best of the railway systems in the world
- b. Target to achieve Zero accidents
- c. Target to achieve Zero failures in equipments
- d. Utilize at least 10% of its energy requirement from renewable sources
- e. Complete 4 high speed corridors of (2000 kms) and plan development of 8 others

The Indian Railway Industry will be required to procure high quality specialized cables in order to achieve the goals set by them. Moreover, the use of specialised cables will bring about higher efficiency in the overall operations of the Industry.

Metro Rail –

India is witnessing an explosion of Metro Rail projects. The metro rail network in the country is increasing with the mass rapid transit system emerging as one of the best solutions for urban transportation. Even as eight metro rail networks covering a length of 370 km are operational in the country, over two dozen more projects are lined up with around 520 km of metro lines under construction. Out of the two dozen projects, around

15 are lined up with the urban development ministry. The cities that have lined up their plans include Pune, Nagpur, Ahmedabad, Chennai, Vijayawada, Kozhikode, Indore, Bhopal, Patna, Guwahati, Kanpur and Varanasi. Further, there are proposals to implement metro rail systems in 40 cities of the country with a total investment of Rs. 5 lakh crores. All of the above initiatives are set to improve the demand for speciality cables significantly which are required in the metro rail industry.

Oil & Gas –

The Oil & Gas industry plays a pivotal role in how our world works every day. The demands of this industry are not only regular, but ever-changing as well. The oil and gas industry requires wire and cable products to perform at a high level in harsh environments. Reliability of wire and cable for the oil and gas industry is extremely important. The wire and cable products must be rugged and generally have a high resistance to chemicals. The oil and gas industry has very specialized products that are highly regulated. India's economic growth is closely related to energy demand; therefore, the need for oil and gas is projected to grow more, thereby making the sector quite conducive for investment.

The government has allowed 100% Foreign Direct Investment (FDI) in many segments of the sector, including natural gas, petroleum products, and refineries, among others. Major domestic players like Reliance Industries Ltd, Indian Oil Corp Ltd, Bharat Petroleum Corp Ltd, Hindustan Petroleum Corp Ltd, Oil and Natural Gas Corporation (ONGC) etc have planned huge investments in the sector to increase the capacity in the country. The oil and gas sector is witnessing strong impetus from the government as well as private players which is expected to boost the overall industry and will benefit the cable industry directly. Apart from this, the increase in safety measure requirements for the oil and gas industry will be beneficial for speciality cables & control cables.

Refining –

India is emerging as a refinery hub as the last decade showed a tremendous growth in the refining sector. Indian refineries have a total production capacity of 230 million tonnes and efforts to increase the same are underway. A total of 200 million tonnes of capacity addition are under implementation. According to ministry of Petroleum and Natural Gas, Oil marketing companies (OMCs) will be investing Rs. 90,000 crore by 2020 on fuel up gradation programme. The oil companies have

spent more than Rs. 28,000 crore after 2010 which is in addition to Rs. 35,000 crore that was already spent till 2010. They will further spend Rs 28,000 crore by 2020 for meeting the BS-VI specifications which will take the total investment to Rs. 90,000 crore only on fuel up gradation programme. One of the major changes to be made in the fuel up gradation programme will be modernization and up gradation of cables. Moreover, the requirement of refineries would increase three to four-fold more which is expected to drive the demand for the cable industry that caters to the refineries.

RISKS AND CONCERNS

Finance Cost Risk: Finance Cost risk arises due to payment of high rate of interest on term loans and other funds & non-fund based facilities being availed by the company from banks and other financial institutions. The company tries to minimize this risk by keeping a check on the interest rates charged by various banks and by swapping its long term/short term loans with banks charging lesser interest rates.

Liquidity Risk: Liquidity risk is the risk that the company may be unable to meet short term financial demands. This usually occurs due to the inability to convert a security or hard asset to cash without a loss of capital or income in the process. The company manages the liquidity risk by ensuring the availability of adequate funds at all times to meet its liability obligations on or before the due dates.

Raw Material Availability and Price Fluctuations: Scarce availability and price-volatility in Company's Basic Raw Materials - Copper, Aluminium, Steel, and PVC etc. can severely impact the profits of the Company. To mitigate these risks, the Company inculcates MOUs with its suppliers, price escalation clauses for large orders and hedges these raw-materials on the commodity exchange.

Foreign Exchange Risk: Foreign exchange risk is a financial risk posed by an exposure to unanticipated changes in the exchange rate between two currencies. Company imports a part of its raw materials and is also engaged in export of its products. To mitigate this risk, the company resorts to forward booking where deemed appropriate.

Human Resource Risk: In the absence of quality human resources, the company may not be able to execute its growth plans. To mitigate this risk, the company places due importance to its human capital assets and invests

in building and nurturing a strong talented pool to gain strategic edge and achieve operational excellence in all its goals.

FINANCIAL REVIEW

CORDS offers three major categories of cables: Instrumentation cables, Control cables, and Power cables. These categories have different contribution margins. Over the years, the company has gradually moved towards higher margin cables.

The Company has been earning profits since inception. However, during the past few years profitability of the Company is adversely impacted primarily due to following reasons:

- The industry is competitive and hence the entire industry has been witnessing longer working capital cycle over the past few years, which has adversely affected your company as well. Changes in the working capital cycle impacts the overall finance costs.
- Your Company is mainly engaged in the business of manufacturing of cables to be used in Industries. During the past few years, due to the overall adverse economic environment around the globe, the investments in new projects were put on hold by most of the players including both public sector and private enterprises. The increase in the net sales was not at par with the expectations marginally due to lower realizations.

However, The Company is constantly working upon achieving better efficiencies, cutting costs at every stage of production, better preventive maintenance, making product mix having higher contribution and achieving higher production so that the company can achieve the scale of economy and maintain higher margin of profit. Also, the interest rates are expected to likely soften in near future and company is hence expected to save on its finance outgoes.

SEGMENTAL OVERVIEW

The company operates under a single product segment i.e. Cables. The company mainly focuses on specialized instrumentation and control cables which differentiates it from other cable players in the country.

INTERNAL CONTROL SYSTEM

The system of Internal Control provides for maintenance of proper accounting records, reliability of financial information and assures its operations are effective and

efficient, and its activities comply with applicable laws and regulations. The internal audit is carried out by an independent firm of Chartered Accountants and covers all the key areas of the company's business and internal control systems.

INDUSTRIAL RELATIONS AND HUMAN CAPITAL

The Company strives to provide the best working environment with ample opportunities to grow and explore. The Company maintained healthy, cordial and harmonious industrial relations at all levels throughout the year. Every initiative and policy of the Company takes care of welfare of all its employees. The human resource development function of the Company is guided by a strong set of values and policies.

FUTURE OUTLOOK

The vision of CORDS is to be recognized as a leading global player, providing products and services, offering comprehensive solutions to the signalling, data and electrical connectivity requirements of businesses as well as household users. It focuses on capturing new markets by developing customers in new and existing territories, to provide new cables for special applications like solar, marine, low temperature cables, cables for automobiles etc.

CAUTIONARY STATEMENT

Statement made in this report in describing the company's objectives, estimates and expectations are "Forward looking Statement" within the meaning of applicable laws and regulations. They are based on certain assumptions and expectations of future events but the company, however, cannot guarantee that these assumptions are accurate or will be materialized by the company. Actual results may vary from those expressed or implied, depending upon the economic conditions, Government policies and/or other related factors.

Even though your company witnessed a jump of over 62% in its Profits (after tax) in FY'16-17 vis-a-vis FY'15-16, in respect of the remuneration payable to the managerial person(s) it earned inadequate profits in the fiscal.

Your Company has been profitable since inception. However, the profitability was impacted due to high working capital requirements, which is a common phenomenon in this industry. In the past, due to weak

economic conditions, investments in new projects both by private sector as well as government sector were put on hold resulting in a slow pickup in demand. But the landscape is now gradually changing with Government's focus on Infrastructure development leading to a push in such projects. This augurs well for our industry. With infrastructure projects in Railways, Metros, Airport modernization, Oil Refineries, Real Estate, etc. picking up, demand for our products will also increase. Also, the softening interest rate scenario in the country and the repayment of term loans for project financing will enable your company to save on its Interest outgo. Further, your company has been continuously working upon improving efficiencies, cutting of costs and developing higher margin products. Your company is confident that all these efforts will result in an improvement in its performance and will further help in increasing its market share.

Newly added prestigious export/domestic clients

Your company, being a leading manufacturer of Controls and Instrumentation cables in the country enjoys strong brand image in the country.

During the year Your Company was successful in adding new clients which includes names such as Bombardier, Welspun, GE, ABB Global, Alstom Transport etc. and it has also been able to maintain its relationship and garner regular business from existing clients like L&T, Siemens, EIL, NTPC, BHEL etc.

Your Company's current focus is on increasing its business from Freight Corridor, Smart Cities Mission, Railway signalling and Protection systems and Infrastructure projects.

ANNEXURE –A
SECRETARIAL AUDIT REPORT
For the financial year ended 31st March, 2017

To,
The Members

CORDS CABLE INDUSTRIES LIMITED

Our Secretarial Audit Report of even date is to be read along with this letter:

1. Secretarial Audit is primarily audit of compliance of various provisions of Companies Act, 2013 and other laws as mentioned in the audit report. Audit is conducted for transactions taking place during financial year 2016-17 and it should not be considered audit for any previous period. The compliance of the provisions of Companies Act, 2013 and other laws as mentioned in the report is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.

Further, it is not about audit of financials and accounting transactions of the Company. We have not verified the correctness and appropriateness of financial records, financial statements, books of accounts, other financials, compliances of income tax and other tax laws and in this regard we relied upon the audit done by statutory auditors of the Company.

2. In terms of Secretarial Standard on Meeting of the Board of Directors issued by The Institute of Company Secretaries of India, the company is required to pass resolution at the Board meeting specifying the list of laws applicable specifically to the company.

The list of laws specifically applicable to the company as mentioned at Para (VI) of the report is based on the resolution passed by the Board on 30.05.2017.

3. Maintenance of secretarial record and its safe custody is the responsibility of the Company Secretary and other officers of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
4. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial record required to be maintained under the Companies Act, 2013. The verification was done on test basis to ensure that correct facts are reflected in such records in order to form a reasonable view and opinion.
5. In case compliances of various statutory provisions we have also obtained management representation letter especially for transactions where it is not feasible as an auditor to form view and opinion regarding compliance of various provisions.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company. Any person entering into transactions with the company should separately verify about the affairs of the company before such transaction keeping in view the nature of such transaction to be entered into with the Company.

REPORT ON CORPORATE GOVERNANCE

I. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Transparency and accountability are the two basic tenets of Corporate Governance. Corporate Governance calls for transparent decision making and accountability for safeguarding the interest of all stakeholders in the organization and your company believe that good Corporate Governance is essential to achieve Long Term Corporate Goals and to enhance stakeholder's value.

The Company's corporate governance structure plays a pivotal role in realizing this long term goal. It provides the fundamental systems, processes and principles that promote objective decision making, performance based management and a corporate culture that is characterized by integrity and fairness in all dealings. Critical to this, is the high degree of transparency in disclosures across all levels of stakeholder engagement, which are periodically done while maintaining the importance of reserving competitive information from being disseminated. A good corporate governance framework incorporates a system of robust checks and balances between key players; namely, the Board, the management, auditors and various stakeholders. The roles and responsibilities of each entity must be clear understood and transparency must be enforced at each level at all times.

Your Company has a strong legacy of fair, transparent and ethical governance practices. The Company has adopted a code of conduct for the directors including the managing director and the executive directors and the management team. In addition, the Company has adopted a code of conduct for its non-executive directors and independent directors which suitably incorporates the duties of independent directors as laid down in the Companies Act, 2013 ("Act"). These codes are available on the Company's website. The Company's corporate governance philosophy has been further strengthened through the Code of Conduct for prevention of insider trading and the code fair disclosure of unpublished price sensitive information.

II. BOARD OF DIRECTORS**(a) Composition and category of Board of Directors**

- i) As on March 2017, The Board of Directors has an ideal combination of Executive and Independent Directors and is in conformity with the provisions of Companies Act, 2013 and Regulation 17 of the SEBI (Listing Obligations And Disclosure Requirements) Regulations, 2015 (hereinafter SEBI Listing Regulations) which inter alia stipulates that the Board should have an optimum combination of Executive and Non-executive Directors with at least one Woman Director and not less than fifty percent of the Board should consist of Independent Directors, if the Chairman of the Board is an Executive Director.

The Board consists of 5 members comprising of 2 Executives Directors and 3 Independent Directors. Mr. Naveen Sawhney, Managing Director of the company shall act as the Chairman of the Board.

- ii) None of the directors on the board hold directorships in more than ten public companies. Further, none of them is a member of more than ten committees or chairman of more than five committees across all the public companies in which he is a director. Necessary disclosures regarding committee positions in other public companies as on March 31, 2017 have been made by the directors. None of the directors are related to each other.
- iii) Independent directors are non-executive directors as defined under Regulation 16(1) (b) of the SEBI Listing Regulations read with Section 149(6) of the Act. The maximum tenure of the independent directors is in compliance with the Companies Act, 2013 ("Act"). Independent Auditors' Report

To the Members of **Cords Cable Industries Limited**

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Cords Cable Industries Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10)

of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

- b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014;

ANNEXURE - B

TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Cords Cable Industries Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that

were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require

that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and

that receipts and expenditures of the company are being made only in accordance with authorizations of Management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes on the Financial Statements
For the year ended 31st March, 2017****1. Company Overview**

Cords Cable Industries Limited ("the Company") was incorporated on October 21, 1991 as "Private Limited" and it was later converted into "Public Limited" on May 10, 2006. The Company manufactured or developed a wide range of specialized cables to address the specific requirements of industries involving modern process technologies, instrumentation & communication demanding the highest standards of precisions and reliability with assured quality and safety standards.

2. Basis of Financial Statements**i) Statement of Compliance**

The financial Statements are prepared under the historical cost convention on an accrual basis, in accordance with the generally accepted accounting principles in India and compliance with the applicable accounting standards as notified under the Companies (Accounts) Rules, 2014. All assets and liabilities have been classified as set out in Schedule III to Companies Act, 2013.

ii) Use of Estimates

The presentation of financial statements conformity with the generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities as on date of the financial statements and the reported amount of revenue and expenses during the reporting year. Differences between the actual results and estimates are recognized in the year in which the results are known or materialized.

3. SIGNIFICANT ACCOUNTING POLICIES**i) Basis of Accounting**

The financial statements are prepared under the historical cost convention on an accrual basis and in accordance with Generally Accepted Accounting Principles (GAAP) in India and Accounting Standards (AS) as notified by the Companies (Accounts) Rules, 2014. All assets and liabilities have been classified as criteria set out in Schedule III to Companies Act, 2013.

ii) Fixed Assets**a) Tangible Assets**

Tangible Assets are stated at their original cost. Cost includes acquisition price, attributable expenses and pre-operational expenses including finance charges, wherever applicable.

b) Capital Work in Progress

All pre-operative expenditure & trial run expenditure are accumulated as Capital Work-in-progress and is allocated to the relevant fixed assets on a pro-rata / reasonable basis depending on the prime cost of assets. Capital Work in Progress shall be amortised over the period of 3 years.

c) Expenditure (including financing cost relating to borrowed funds for construction or acquisition of fixed assets) incurred on project till date of commencement of commercial production are capitalized**iii) Depreciation****a) Depreciation on Fixed Assets is provided in accordance with the useful life as specified in Part C of Schedule II to the Companies Act, 2013.****b) Depreciation is not recorded on capital work-in-progress until that asset is ready for its intended use.****c) Lease hold lands are not depreciated.****iv) Impairment of Assets**

The Company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is higher of, an asset's net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the

Statement of Profit and Loss. If at the reporting date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount and Impairment Losses previously recognized are accordingly reversed.

v) Inventories

- a) Inventories (other than scrap) are valued at lower of cost or net realisable value. The cost of inventories is computed on a FIFO basis. The cost of Finished Goods and work-in-progress include cost of conversion and other cost incurred in bringing the inventories to their present location and condition. Excise duty & Cess is included in finished goods valuation.
- b) Scrap is valued at net realizable value.

vi) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

- a) Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer. The company collects all relevant applicable taxes like sales taxes, value added taxes (VAT) etc. on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Gross turnover is net of sales tax and inclusive of excise duty & cess.
- b) All other income are accounted for on accrual basis.

vii) Employee Benefits

The Company's contribution to Provident Fund and Employee State Insurance Schemes is charged to the Profit and Loss account. The Company has unfunded defined benefit plans namely leave encashment and gratuity for its employees, the liability for which is determined

on the basis of actuarial valuation, conducted annually, by an independent actuary, in accordance with Accounting Standard 15 (Revised) – "Employee Benefits", notified under the Companies (Accounts) Rules, 2014. Actuarial gains and losses are recognized in Profit and Loss account as income or expenses. Employee benefits of short term nature are recognized as expenses as and when it accrues.

viii) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

ix) Foreign Currency Transactions

- a) Transactions in Foreign Currency are initially recorded at the exchange rate at which the transaction is carried out.
- b) Monetary Assets and Liabilities related to foreign currency transactions remaining outstanding at the year end and translated at the year end rate. The effect of Exchange rate fluctuations in respect of Monetary Assets is taken to Profit & Loss Account.
- c) Exchange differences on conversion of year-end foreign currency balances pertaining to long term loans (ECB) for acquiring fixed assets including capital work in progress are adjusted in the carrying cost of these assets.
- d) Non monetary foreign currency items are carried at cost.

x) Government Grants

An appropriate amount in respect of subsidy benefits earned estimated on prudent basis is credited to income for the period even though the actual amount of such benefits finally settled and received after the end of relevant accounting period. Government grant relating to fixed assets is adjusted with related asset.

xi) Taxes on Income

- a) Tax expense comprises of current tax and deferred tax.
- b) The Provision for taxation is ascertained on the basis of assessable profits computed in accordance with the provision of the Income Tax Act 1961. Deferred tax is recognized, subject to the consideration of prudence on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.
- c) Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations by the Institute of Chartered Accountants of India, the said asset is created by way of credit to the profit and loss account and shown as MAT credit entitlement.

xii) Financial Derivatives and Commodity Hedging Transactions

In respect of derivatives contracts, premium paid, gains/losses on settlement and losses on restatement are recognized in the Profit & Loss account except in case where they relate to acquisition or construction of fixed assets, in which case, they are adjusted to the carrying cost of such assets.

xiii) Provision, Contingent Liabilities and Contingent Assets

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made.

xiv) Contingent liability is disclosed for:

- a) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or,
- b) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- c) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income which may never be realized.

xv) Earning Per Share

35. BASIC AND DILUTED EARNINGS PER SHARE :

The basic earnings per equity share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share are computed using the weighted average number of equity shares and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value.

Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date. The number of equity shares and potential diluted equity shares are adjusted for stock split, bonus shares, Convertible Preference Shares, Share Warrants and the potential dilutive effect of Employee Stock Option Plan as appropriate.

Basic & Diluted Earnings per share of the company is as under: (Amount in Rs.)

Particulars	2016-17	2015-16
