## MANAGEMENT DISCUSSION & ANALYSIS

### COMPANY OVERVIEW

Cords Cable Industries Limited (CORDS) is a specialised Control & Instrumentation cable company offering wide range of cable products to multiple industries. CORDS has over 3 decades of rich experience and enjoys a strong brand image in the B2B segment. CORDS designs, develops and manufactures a varied range of Power, Control, Instrumentation, Thermocouple Extension / Compensating and Communication cables. The company's state of the art manufacturing plants are located at Alwar in Rajasthan.

CORDS is in the business of providing cost-effective and quality solutions for various electrical and signal connectivity requirements. CORDS has carved a niche in manufacturing of customised cables as per the customer's specifications. Close to 95% of the company's orders are based on customer specifications. About 86% of the company's cable comprises of Instrumentation & Control cables and balance 14% comprises of Power cables. Investments in infrastructure and various industries will prove to be a big positive for the company. CORDS continuously strives to achieve higher efficiencies, cost control, better preventive maintenance and focuses on improving its product mix to attain economies of scale.

### ECONOMIC OVERVIEW:

#### Global:

According to World Economic Outlook, April 2018, global growth stood at 3.8% in 2017 which was fastest since 2011 and is projected to grow at 3.9% in 2018 & 2019. This growth has been quite broad-based with Europe and Asia seeing surprisingly strong growth. The U.S. economy continues to do well which has been further boosted by the recent tax cuts. Emerging Markets and Developing Economies grew by 4.8% in 2017 and are projected to grow by 4.9% & 5.1% in 2018 & 2019, respectively.

Green shoots of trade recovery that was seen towards the end of FY 2016, continued in FY 2017, aided by the recovery in global demand and sustained changes in major commodity prices. Challenges to the global growth do persist with rich asset valuations across the globe, rising oil prices, rising protectionism and trade tensions between major economies, and from geo-political developments in North East Asia and the Middle East.

#### India:

FY 2017-18 marked a significant economic measure by the government: The Goods and Services Tax (GST) was implemented from July, 2017 as the nation moved to 'one nation-one tax'. The reform measure has helped India move into the Top 100 Club in World Bank's 'Global Ease of Doing Business' rankings. Indian economy showed strong recovery during 2nd half of financial year post

stabilisation of the GST regime. GDP in India grew at 7.1% in 2017 and is projected to grow to 7.4% in 2018 and 7.8% in 2018 on the back of increase in Private capex, improvement in Industrial Production and rise in consumption.

### INDUSTRY SCENARIO:

The Global wires and cables industry is expected to be a USD 297 Bn by 2019. The Global wires and cables industry is categorised into two segments viz. Power cables & Telecom cables. In India the wires and cables industry is expected to be at ₹ 686 Bn by 2020 from the current estimated levels of ₹ 518 Bn. The Indian wires and cables industry is categorised into two segments viz. Power cables & Speciality cables. Speciality cables include Control & Instrumentation cables, Signalling cables, Data cables, etc.

Government of India has undertaken various policy reforms with a specific focus on infrastructure development in the country. Various projects to develop and upgrade infrastructure are underway. The prospects of the Wire and Cable industry are interlinked with the other industries viz: Power, Telecom, Railways, Real estate, Steel, Cement, Refineries, Infrastructure etc. With investments across different infrastructure segments in the background of government initiatives, the demand for cables is expected to increase considerably.

With the growth of other related industries, the Indian Wire and Cable industry is indeed bound to grow & prosper.

### OPPORTUNITIES IN VARIOUS SECTORS

#### Oil & Gas –

The oil and gas sector is among the six core industries in India and plays a major role in influencing decision making for all the other important sections of the economy. The Government of India has adopted several policies to fulfil the increasing demand. The government has allowed 100 per cent Foreign Direct Investment (FDI) in many segments of the sector. India's oil demand is expected to grow at a CAGR of 3.6 per cent to 458 Million Tonnes of Oil Equivalent (MTOE) by 2040, while demand for energy will more than double by 2040.

India's annual refining capacity would rise by 77 per cent to 439 million tonnes, equivalent to about 8.8 million barrels per day (bpd) by 2030, a government report said, listing expansion plans of various companies. India is emerging as a refinery hub as the last decade showed a tremendous growth in the refining sector. According to ministry of Petroleum and Natural Gas, Oil marketing companies (OMCs) will be investing ₹ 90,000 crore by 2020 on fuel upgradation programme. The oil companies have spent more than ₹ 28,000 crore after 2010 which is in addition to ₹ 35,000 crore that was already spent till 2010. They will further spend ₹ 28,000 crore by 2020 for meeting the

BS-VI specifications which will take the total investment to ₹ 90,000 crore only on fuel upgradation programme. One of the major changes to be made in the fuel upgradation programme will be modernization and upgradation of cables. Moreover, the requirement of refineries would increase three to four-fold more which is expected to drive the demand for the cable industry that caters to the refineries. Apart from this, the increase in safety measure requirements for the oil and gas industry will be beneficial for speciality cables & control cables.

### AIRPORT MODERNIZATION:

India's civil aviation industry is on a high-growth trajectory. As per the IATA, India will become the third largest aviation market in the world in terms of passengers by 2026. Furthermore, the IATA also expects the air passengers to grow at a CAGR of 3.7 per cent to double from 3.8 billion air passengers in 2016 to 7.2 billion air passengers by 2035. According to CAPA, domestic air traffic is expected to grow 25 per cent and cross 130 million in fiscal year 2017-18. India's aviation industry is expected to witness Rs 1 lakh crore (US\$ 15.52 billion) worth of investments in the next five years. The Indian government is planning to invest US\$ 1.83 billion for development of airport infrastructure along with aviation navigation services by 2026.

The Civil Aviation industry has ushered in a new era of expansion, driven by factors such as low-cost carriers (LCCs), modern airports, Foreign Direct Investment (FDI) in domestic airlines, advanced information technology (IT) interventions and growing emphasis on regional connectivity.

AAI has undertaken various modernization and upgradation works such as construction of new domestic terminal building to handle increased peak hour passengers and conversion of old terminal building to international cargo terminal at Tiruchirappalli Airport, in a bid to develop airports in various small cities of Tamil Nadu. Chennai airport is also expected to undergo modernization at an estimated cost of ₹ 2,587 crores.

**These modernization plans will further boost the demand for Specialised Cables.**

### Railways –

The Indian Railways is among the world's largest rail networks and is the backbone of the nation's transportation system. Railways are highly dependent on Cables for current supply, control tasks, data transmission etc.

From the meagre ₹ 24,300 cr average annual spend over the FY 2004-09 period, capital investment has increased by more than 5x in FY18 to ₹ 131,000 for laying down 3,500 km of railway lines. Additionally, the Government will provide ₹ 55,000 crores towards capital and development expenditure of Railways. The government has also embarked on a huge capex programme of ₹ 8.56 lakh

cr in the 11th Five Year Plan (FY14-19). These fund allocations are expected to boost the development of Indian Railways which augurs well for the cable Industry as well.

### Dedicated Freight Corridor (DFC):

Government plans to invest ~US\$16bn to construct two dedicated railway corridors along Howrah-Delhi (Eastern Corridor) and Mumbai-Delhi (Western Corridor). The project is to be completed by 2020/21 in phases and should lower turnaround time for cargo trains by 50-70%. DFC's provide a huge opportunity for the Cables industry as the demand for Signalling and Data cables will increase.

The Indian Railways are also targeting to achieve few goals by 2020 which includes

- establish quality of service benchmarked to the best of the railway systems in the world
- Target to achieve Zero accidents
- Target to achieve Zero failures in equipments
- Utilize at least 10% of its energy requirement from renewable sources
- Complete 4 high speed corridors of (2000 kms) and plan development of 8 others

The Indian Railway Industry will be required to procure high quality specialized cables in order to achieve the goals set by them. Moreover, the use of specialised cables will bring about higher efficiency in the overall operations of the Industry.

### Metro Rail –

The metro railway system has become a fast, safe and reliable mode of public transport in large cities. New metro rail networks are being developed to improve the urban transport situation in India. While tier-II cities like Lucknow, Kanpur, Ahmedabad and Nagpur are setting up their dedicated metro networks, proposals for cities such as Chandigarh, Bhopal, Ludhiana and Kozhikode are being evaluated. Approximately 464 Kms of new Metro projects are proposed to be built with an estimated capex of Rs. 1.76 crores.

This augurs well for the cables industry as a whole.

### POWER:

The development of a nation depends on the availability of Power which is the most critical component supporting infrastructure development. India ranks third globally in terms of electricity production and has the fifth largest power generation capacity in the world.

India generated 1,201.543 Billion Units (BU) of electricity during FY18. Power consumption is estimated to increase from 1160.1 TWh in 2016 to 1,894.7 TWh in 2022. Indian power sector is undergoing a significant change. Total installed capacity of power stations in India stood at 343.79 Gigawatt (GW) as on April, 2018.

The Power sector has also attracted significant FDI inflows which accounted for about 3.5% of total FDI inflows in India. 100% FDI is allowed under the automatic route in the power segment and renewable energy segment. Investments in the power transmission sector are estimated to increase to ₹ 260,000 cr during the 13th plan (2017-22), this is 1.4x higher than that proposed in the 12th plan.

Government's immediate focus is to double the existing production capacity and generate two trillion units (kilowatt hours) of energy by 2019 to provide 24x7 electricity for residential, industrial, commercial and agriculture use.

Investments in distribution to increase as the government has introduced various schemes such as the Saubhagya scheme (to provide free electricity connections to all households) and the DDUGJY scheme (to provide continuous power to rural areas). Government's "UDAY" scheme has also aided the power distribution companies to turn profitable thereby improving their financial health.

**With all the above measures underway the power cables market is expected to expand by 1.5-1.7x in the next three years compared to FY14-16.**

## RISKS AND CONCERNS

**Finance Cost Risk:** Finance Cost risk arises due to payment of high rate of interest on term loans and other funds & non-fund based facilities being availed by the company from banks and other financial institutions. The company tries to minimize this risk by keeping a check on the interest rates charged by various banks and by swapping its long term/short term loans with banks charging lesser interest rates.

**Liquidity Risk:** Liquidity risk is the risk that the company may be unable to meet short term financial demands. This usually occurs due to the inability to convert a security or hard asset to cash without a loss of capital or income in the process. The company manages the liquidity risk by ensuring the availability of adequate funds at all times to meet its liability obligations on before the due dates.

**Raw Material Availability and Price Fluctuations:** Scarce availability and price-volatility in Company's Basic Raw Materials - Copper, Aluminium, Steel, and PVC etc. can severely impact the profits of the Company. To mitigate these risks, the Company inculcates MOUs with its suppliers, price escalation clauses for large orders and hedges these raw-materials on the commodity exchange.

**Foreign Exchange Risk:** Foreign exchange risk is a financial risk posed by an exposure to unanticipated changes in the exchange rate between two currencies. Company imports a part of its raw materials and is also engaged in export of its products. To mitigate this risk, the company resorts to forward booking where deemed appropriate.

**Human Resource Risk:** In the absence of quality human resources, the company may not be able to execute its

growth plans. To mitigate this risk, the company places due importance to its human capital assets and invests in building and nurturing a strong talented pool to gain strategic edge and achieve operational excellence in all its goals.

## FINANCIAL REVIEW

CORDS offers three broad categories of cables: Instrumentation cables, Control cables, and Power cables. These categories have different contribution margins. Over the years, the company has gradually moved towards higher margin cables.

Your company earned profit after tax for the year of ₹ 624.23 lacs as against a PAT of ₹ 510.39 lacs earned in the previous year.

FY 2017-18 was a very eventful year with the economy settling down during the latter half of the fiscal post the effects of demonetization and GST implementation. The year also witnessed a lot of infrastructure push from the government. A lot of projects in the Railways, Metro rails, Power, Roads, Oil Refineries and other infrastructure & related sectors were undertaken. With infrastructure being the focus area, demand for your company's products is

expected to rise. This is also apparent from the financial performance for the year with your company's top line growing by about 13% and bottom line growing by over 22%. It would be prudent to bring to your notice that the company's Finance cost has not increased in tandem with the top line, showing the results of management's efforts in controlling the same. Also, the capacity utilization has been gradually improving over the years and we remain confident of further improvement in the same during the next fiscal.

**Newly added prestigious export/domestic clients**

Your company received a prestigious approval from a Gulf Oil major making it eligible for bidding for Instrumentation & Control, Fiber Optics & LV Power distribution cables for all ongoing and upcoming projects of the said Gulf based Oil major. Your company has historically exported its products to about 45 countries and is confident of leveraging its experience to build upon this opportunity.

During the year, your Company was successful in adding new clients which includes names such as ANDRITZ TECHNOLOGIES PVT LTD, Asian Fine Cement Pvt. Ltd., Atlas Cop co (India) Ltd, DCM SHRIRAM LTD., Rolls Royce System, ONGC TRIPURA POWER COMPANY LIMITED, SHRIRAM EPC LIMITED etc. and it has also

been able to maintain its relationship and garner regular business from existing clients like L&T, Siemens, EIL, NTPC, BHEL etc.

Your Company's current focus is on increasing its business from the Hydrocarbons, Freight Corridor, Smart Cities Mission, Railway signalling and Protection systems and Infrastructure projects.

#### **AUDITORS AND AUDITOR'S REPORT**

##### **Statutory Auditors**

The Members of the Company had, at the 25<sup>th</sup> Annual General Meeting (AGM) held on September 30, 2016, approved the appointment of M/s Alok Misra & Co., Chartered Accountant firm (FRN 018734N) as the

Statutory Auditor of the company to hold the office from the conclusion of 25<sup>th</sup> Annual General Meeting until the conclusion of 30<sup>th</sup> Annual General Meeting at the remuneration of ₹ 6 Lacs p.a. plus Taxes as applicable.

The Statutory Auditors have submitted a certificate confirming their eligibility under Section 139 of the Act and meet the criteria for appointment specified in Section 141 of the Act. Further, the company has also received declaration from the Auditors that they are not disqualified for such appointment/ reappointment under the said act.

In terms of the provisions of Section 139 (1) of the Companies Act, 2013 it was required to ratify the appointment of Statutory Auditor every year by the Shareholders of the Company during the tenure of appointment. Further, due to notification of some of the provisions of Companies (Amendment) Act, 2017 on May 07, 2018, the requirement of ratification of appointment of Statutory Auditors by member has been done away with.

Hence, it is no longer required to ratify the appointment of statutory Auditor at every Annual General Meeting by the members of the Company.

#### **Statutory Auditors' Report**

The Auditors Report to the members on the Financial Statement of the company for the financial year ended on March 31, 2018 does not contain any qualifications, reservations or adverse remarks. The observations of statutory Auditors in their report read with relevant Notes to Accounts are self explanatory and therefore do not require further comments.

#### **REPORTING OF FRAUDS**

There have been no instances of fraud reported by the Statutory Auditors under Section 143(12) of the Act and Rules framed there under either to the Company or to the Central Government.

#### **Cost AUDITORS**

The Board, on the recommendation of Audit Committee, has appointed M/s S. Chander & Associates, Cost Accountants (Firm Regn. No. 100105), who has given their consent in writing to act as the Cost Auditor of the Company for the FY ending March 31, 2018 at a remuneration of ₹ 1.07 Lacs p.a. plus taxes as applicable and out of pocket expenses incurred in connection with

the aforesaid audit. Since the remuneration payable to the Cost Auditor is required to be ratified by the shareholders, the Board recommends the same for approval by members at ensuing AGM.

Your company is required to maintain Cost Records as specified by the Central Government in accordance with the provisions of Section 148 of the Companies Act, 2013 read with Companies (Audit & Auditors) Rules, 2014, and accordingly such accounts and records are made and maintained. The Cost Auditors will submit their report for the FY 2017-18 on or before the due date.

#### **SECRETARIAL AUDITORS**

Pursuant to the provisions of Section 204 of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, M/s Gupta Gulshan & Associates, Company Secretaries were appointed as the Secretarial Auditors of the Company to carry out the secretarial audit for the financial year ended on March 31st, 2018 at a remuneration of ₹ 1.50 Lacs p.a. plus taxes as applicable and out of pocket expenses incurred in connection with the aforesaid audit.

#### **Secretarial Audit Report**

Pursuant to Section 204 of the Companies Act, 2013, and Rules made there under, a Secretarial Audit Report for the FY 2017-18 in Form MR 3 given by M/s. Gupta Gulshan & Associates, Company Secretary in practice is attached as **Annexure- 5** with this report. Regarding observations of the secretarial auditors the board submits following comments:

Regarding non-filing of form MGT-14 by the company it is submitted that the Company is in the process to submit the said form. Section 117 of the Companies Act, 2013 as amended is notified w.e.f. 07.05.2018, however the revised e-form is still not made available at the MCA portal. It is also submitted that an E- ticket has already been raised in MCA Service desk in this regard and suitable action will be initiated as and when E- Form made available for filing as per the amended provisions of section 117 of the Companies Act, 2013. The company shall submit the form once revised form is made available for e-filing.

The delay in transfer of shares in IEPF (Investor Education and Protection Fund) has been occurred due to some issues raised by the shareholders to whom notices were issued in respect of shares on which amount of dividend was unclaimed.

Regarding CSR contribution, it is submitted that to meet the requirement of funds for Working Capital and repayment of loan instalments, the company could not spend the amount in the CSR activities during the financial year 2017-2018. However, efforts shall be made to contribute towards CSR activities during F.Y. 2018-19.

#### **INTERNAL FINANCIAL CONTROL SYSTEMS AND THEIR ADEQUACY**

### **CORPORATE GOVERNANCE COMPLIANCE CERTIFICATE**

**The Members**  
**Cords Cable Industries Limited**

We have examined the compliance of conditions of Corporate Governance by Cords Cable Industries Limited ("the Company"), for the financial year ended **March 31, 2018** as stipulated under Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C, D and E of Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the management of the Company. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has substantially complied with the conditions of Corporate Governance as stipulated under Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C, D and E of Schedule V to the Listing Regulations, the compliances of which needs to be further strengthened.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by CORDS CABLE INDUSTRIES LIMITED (hereinafter called "the company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31<sup>st</sup> March, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March, 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
  - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
  - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
  - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
  - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
  - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (vi) The following laws applicable specifically to the company:

As per resolution passed by the directors of the company in the board meeting held on 28.05.2018 it was resolved that no law is specifically applicable to the company.

We have also examined compliance with the applicable clauses of the following:

- (i) The Secretarial Standards issued by the Institute of Company Secretaries of India;
- (ii) The Securities and Exchange Board of India (Listing Obligations and disclosure Requirements) Regulations, 2015;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards as mentioned above to the extent applicable to the company and compliance required to be made by the company subject to the following observations:

- 1) *The company was required to submit copy of board resolution dated 11.08.2017 for approval of director's report to the Registrar of Companies. It is informed to us that due to inadvertence the filing is pending and will be submitted in view of amended provisions of section 117 of the Companies Act, 2013.*
- 2) The Company has transferred 10,159 (ten thousand one hundred fifty nine) equity shares to the Investor Education and Protection Fund in respect of dividend declared by the company and remained unpaid or unclaimed for seven consecutive financial years. The said shares were transferred to the fund after due date and in this regard company has submitted that the delay occurred due to some issues raised by the shareholders to whom notices were issued in respect of shares on which amount of dividend was unclaimed.
- 3) *The Company has not contributed at least two percent of the average net profits of the company made during immediately preceding financial years in pursuance of its Corporate Social Responsibility during the period under review.*

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period no material activity or event took place which requires reporting hereunder.

For the financial year ended 31<sup>st</sup> March, 2018

**The Members**

CORDS CABLE INDUSTRIES LIMITED  
CIN: L74999DL1991PLC046092

Our Secretarial Audit Report of even date is to be read along with this letter:

1. Secretarial Audit is primarily audit of compliance of various provisions of Companies Act, 2013 and other laws as mentioned in the audit report. Audit is conducted for transactions taking place during financial year 2017-18 and it should not be considered audit for any previous period. The compliance of the provisions of Companies Act, 2013 and other laws as mentioned in the report is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.

Further, it is not about audit of financials and accounting transactions of the Company. We have not verified the correctness and appropriateness of financial records, financial statements, books of accounts, other financials, compliances of income tax and other tax laws and in this regard we relied upon the audit done by statutory auditors of the Company.

2. In terms of Secretarial Standard on Meeting of the Board of Directors issued by The Institute of Company Secretaries of India, the company is required to pass resolution at the Board meeting specifying the list of laws applicable specifically to the company.

The list of laws specifically applicable to the company as mentioned at Para (VI) of the report is based on the resolution passed by the Board on 28.05.2018.

3. Maintenance of secretarial record and its safe custody is the responsibility of the Company Secretary and other officers of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
4. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial record required to be maintained under the Companies Act, 2013. The verification was done on test basis to ensure that correct facts are reflected in such records in order to form a reasonable view and opinion.
5. In case compliances of various statutory provisions we have also obtained management representation letter especially for transactions where it is not feasible as an auditor to form view and opinion regarding compliance of various provisions.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company. Any person entering into transactions with the company should separately verify about the affairs of the company before such transaction keeping in view the nature of such transaction to be entered into with the Company.

## Independent Auditors' Report

**To the Members of  
Cords Cable Industries Limited**

### **Report on the Ind AS Financial Statements**

We have audited the accompanying standalone financial statements of Cords Cable Industries Limited, which comprise the Balance Sheet as at 31<sup>st</sup> March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS Financial Statements").

### **Management's Responsibility for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) amendment Rules, 2016.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these standalone Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Standalone Ind AS financial statements in accordance with the Standards on Auditing

specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "**Annexure I**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company

so far as it appears from our examination of those books.

- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) amendment Rules, 2016.
- (e) On the basis of the written representations received from the directors as on 31 March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure II**” and

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements.

## ANNEXURE II TO INDEPENDENT AUDITORS' REPORT — 31 MARCH 2018 (REFERRED TO IN OUR REPORT OF EVEN DATE)

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Cords Cable Industries Limited as at 31st March, 2018 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered

Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting but requires more strengthening and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2018, based on the internal control over financial reporting criteria established by the Company consisting the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Note 27: Significant accounting policies:**

This note provides a list of the significant accounting policies adopted in preparation of these financial statements. These policies have been consistently applied to all the years presented unless otherwise stated.

The financial statements were approved for issue by Board of Directors on 28th May, 2018.

**a) Basis of preparation:****i. Compliance with IND AS :**

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the act.

These financial statements for the year ended 31st March, 2018 are the first financials with comparatives prepared under Ind AS. For all periods upto and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the generally accepted accounting principles (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India immediately before adopting Ind AS.

The date of transition to Ind AS is 1st April, 2016. Refer Note 28 for the first time adoption exemptions availed by the Company.

Reconciliations and explanations for the effect of the transition from Previous GAAP to Ind AS on the Company's Balance Sheet, Statement of Profit and Loss and Statement of Cash Flows are provided in respective notes.

**ii. Historical cost convention:**

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities and contingent consideration that are measured at fair value.
- defined benefit plan assets measured at fair value.

**b) Foreign currency transactions:****i. Functional and presentation currencies:**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in INR which is the functional and presentation currency for Cords Cable Industries Limited.

**ii. Transactions and Balances:**

Foreign currency transactions are translated into the functional currency at the exchange rates on the date of transaction. Foreign exchange gains and losses resulting from settlement of such transactions and from translation of monetary assets and liabilities at the year-end exchange rates are generally recognized in the profit and loss. They are deferred in equity if they relate to qualifying cash flow hedges.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss .

**c) Revenue recognition:**

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue is net of GST and Excise Duty and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties.

The company recognizes revenue when the amount can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the company's activities as described below. The company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement

**i. Sale of goods:**

**Timing of recognition:** Sale of goods is recognized when substantial risks and rewards of ownership are passed to the customers, depending on individual terms, and are stated net of trade discounts, rebates, incentives, subsidy, gst.

**Measurement of revenue:** Accumulated experience is used to estimate and provide for discounts, rebates,

incentives and subsidies. No element of financing is deemed present as the sales are made with credit terms, which is consistent with market practice.

**d) Income recognition:**

- i. Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.
- ii. Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the company, and the amount of the dividend can be measured reliably.
- iii. Revenue from royalty income is recognized on accrual basis.

**e) Government Grants:**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and reduce from corresponding cost.

Income from export incentives such as premium on sale of import licenses, duty drawback etc. are recognized on accrual basis to the extent the ultimate realization is reasonably certain.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other operating income.

**f) Income Tax:**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Minimum Alternative Tax (MAT) credit, which is equal to the excess of MAT (calculated in accordance with provisions of Section 115JB of the Income Tax Act, 1961) over normal income-tax is recognized as an item in deferred tax asset by crediting the Statement of Profit and Loss only when and to the extent there is convincing evidence that the Company will be able to avail the said credit against normal tax payable during the period of fifteen succeeding assessment years.

**g) Property, plant and equipment:**

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost, less accumulated depreciation/amortisation and impairments, if any. Historical cost includes taxes, duties, freight and other incidental expenses related to acquisition and installation. Indirect expenses during construction period, which are required to bring the asset in the condition for its intended use by the management and are directly attributable to bringing the asset to its position, are also capitalized.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work-in-progress comprises cost of fixed assets that are not yet ready for their intended use at the year end.

**Transition to IND AS**

On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1<sup>st</sup> April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

The estimated useful lives are as mentioned below:

Type of Asset	Method	Useful Lives
Buildings (Leasehold)	Straight Line	30
Furniture & Fittings	Straight Line	10
Plant & Machinery	Straight Line	15
Office Equipment	Straight Line	5
Tools and Instruments	Straight Line	15
Generator	Straight Line	15
Computer	Straight Line	3
Computer-Server	Straight Line	6
Vehicle (Car)	Straight Line	8
Vehicle (Bike)	Straight Line	10

**h) Depreciation and amortization**

Depreciation is calculated using the Straight Line Method. Depreciation is calculated using the useful life given in Schedule II to the Companies Act, 2013.

Depreciation on additions / deletions during the year is provided from the day in which the asset is capitalized up to the day in which the asset is disposed off.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

**i) Intangible Assets:**

**i. Intangible assets with finite useful life:**

Intangible assets with finite useful life are stated at cost of acquisition, less accumulated depreciation/ amortization and impairment loss, if any. Cost includes taxes, duties and other incidental expenses related to acquisition and other incidental expenses.

Amortization is recognized in profit or loss on a straight-line basis over the estimated useful lives of respective intangible assets.

**ii. Research and Development:**

Capital expenditure on research and development is capitalized and depreciated as per accounting policy mentioned in para h and i above. Revenue expenditure is charged off in the year in which it is incurred.

**iii. Transition to Ind AS:**

On transition to Ind AS, the company has elected to continue with the carrying value of all of its intangible assets recognized as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

**j) Investment property:**

Property (land or a building-or part of a building-or both) that is held for long term rental yields or for capital appreciation or both, rather than for:

- i. use in the production or supply of goods or services or for administrative purposes; or
- ii. sale in the ordinary course of business.

is recognized as Investment Property in the books.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Depreciation is provided on all Investment Property on straight line basis, based on useful life of the assets determined in accordance with para "h" above.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

**Transition to Ind AS**

On transition to Ind AS, the company has elected to continue with the carrying value of all of its investment properties recognized as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of investment properties.

**k) Lease:****i. As a lessee**

Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary increase. Lease hold property includes land taken for perpetuity on payment of one time lumpsum amount.

**l) Investment and Other financial assets:****i. Classification:**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortized cost.

Classification of debt assets will be driven by the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other

comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

**ii. Measurement:**

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

**Debt instruments**

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset.

- **Amortized Cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flow represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

**Equity instruments**

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive the dividend is established.

**iii. Impairment of financial assets:**

The Company assesses if there is any significant increase in credit risk pertaining to the assets and accordingly create necessary provisions, wherever required.

**iv. De-recognition of financial assets:**

A financial asset is de-recognized only when

- The company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients or
- The contractual right to receive the cash flows of the financial assets expires.

Where the entity has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the company has not retained control of

the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

**m) Derivatives and hedging activities:**

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates certain derivatives as either:

- hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedges)
- hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions (cash flow hedges).

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in fair values or cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 27. Movements in the hedging reserve in shareholders' equity are shown in Note 12(c). The full fair value of a hedging derivative is classified as a non-current asset or liability when the remaining maturity of the hedged item is more than 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item is less than 12 months. Trading derivatives are classified as a current asset or liability.

**Cash flow hedge reserve**

The effective part of the changes in fair value of hedge instruments is recognized in other comprehensive income, while any ineffective part is recognized immediately in the statement of profit and loss.

**n) Inventories:**

Raw materials, packing materials, stores and spares are valued at lower of cost and net realizable value.

Work-in-progress, finished goods and stock-in-trade (traded goods) are valued at lower of cost and net realizable value.

By-products and unserviceable / damaged finished goods are valued at estimated net realizable value.

Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also includes all other costs incurred in bringing the inventories to their present location and condition. Cost is assigned on the basis of First In First Out. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**o) Trade Receivables:**

Trade receivables are recognised initially at fair value and subsequently measured at cost less provision for impairment.

**p) Trade and other payables:**

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

**q) Borrowings:**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest rate method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down

occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

**r) Borrowing Cost**

General and specific borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

**s) Employee Benefits:**

**i. Short term obligations:**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**ii. Provident fund:**

Provident fund contributions are made by the Company. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of the year.

**iii. Gratuity:**

Liabilities with regard to the gratuity benefits payable in future are determined by actuarial valuation at each Balance Sheet date using the Projected Unit Credit method and contributed to Employees Gratuity Fund. Actuarial gains and losses arising from changes in actuarial assumptions are recognized in other comprehensive income and shall not be reclassified to the Statement of Profit and Loss in a subsequent period.

**iv. Leave encashment / Compensated absences:**

The Company provides for the encashment of leave with pay subject to certain rules. The employees are entitled to accumulate leave for future encashment / availment. The liability is provided based on the number of days of unutilized leave at each Balance Sheet date on the basis of an independent actuarial valuation. Actuarial gains and losses arising from changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

**t) Provisions and Contingent Liabilities:**

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognise a contingent asset unless the recovery is virtually certain.

**u) Cash and Cash Equivalents:**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short- term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank Overdraft and cash credits are not included in the cash & cash equivalent according to Ind AS 7 as there is no arrangement for positive and negative balance fluctuation in those accounts.

**v) Impairment of assets:**

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**w) Earnings Per Share**

i. Basic earnings per share: Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

ii. Diluted earnings per share: Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

**x) Contributed Equity:**

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**y) Foreign Currency**

The functional currency of the company is Indian Rupee. These financial statements are presented in Indian Rupees.

The foreign currency transactions are recorded on initial recognition in the functional currency by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of transaction.

The foreign currency monetary items are translated using the closing rate at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of transaction. Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those which they were translated on initial recognition during the period or in previous financial statements are recognized in statement of profit and loss in the period in which they arise.

**aa) Dividend:**

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the

discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

**ab) Rounding off:**

All amounts disclosed in the financial statement and notes have been rounded off to the nearest Lacs, unless otherwise stated

**ac) Amendments to Ind AS 7, 'Statement of cash flows' on disclosure initiative:**

The amendment to Ind AS 7 introduced an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities. This includes changes arising from cash flows (e.g. draw downs and repayments of borrowings) and non-cash changes (i.e. changes in fair values), changes resulting from acquisitions and disposals and effect of foreign exchange differences. Changes in financial assets must be included in this disclosure if the cash flows were, or will be, included in cash flows from financing activities. This could be the case, for example, for assets that hedge liabilities arising from financing liabilities. The Company is currently assessing the potential impact of this amendment. These amendments are mandatory for the reporting period beginning on or after 1st April, 2017.

**ad) Amendments to Ind AS 102, 'Share based payments'**

The amendment to Ind AS 102 clarifies the measurement basis for cash settled share-based payments and the accounting for modifications that change an award from cash-settled to equity-settled. It also introduces an exception to the principles in Ind AS 102 that will require an award to be treated as if it was wholly equity-settled, where an employer is obliged to withhold an amount for the employee's tax obligation associated with a share-based payment and pay that amount to the tax authority. The Company is currently assessing the potential impact of this amendment. These amendments are mandatory for the reporting period beginning on or after 1st April, 2017.

The Company intends to adopt the amendments when it becomes effective. There are no other standards or amendments that are not yet effective and that would be expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

## **2 Critical Estimates and Judgements**

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The preparation of the financial statements in conformity with GAAP requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. These estimates and associated assumptions are based on historical experience and management's best knowledge of current events and actions the Company may take in future.

Information about critical estimates and assumptions that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities are included in the following notes:

- (a) Estimation of defined benefit obligations
- (b) Estimation of current tax expenses and payable
- (c) Estimation of provisions and contingencies

**(a) Impairment of financial assets (including trade receivable)**

Allowance for doubtful receivables represent the estimate of losses that could arise due to inability of the customer to make payments when due. These estimates are based on the customer ageing, customer category, specific credit circumstances and the historical experience of the Company as well as forward looking estimates at the end of each reporting period.

**(b) Estimation of defined benefit obligations**

The liabilities of the Company arising from employee benefit obligations and the related current service cost, are determined on an actuarial basis using various assumptions. Refer note 29 for significant assumptions used.

**(c) Estimation of current tax expenses and payable**

Taxes recognized in the financial statements reflect management's best estimate of the outcome based on the facts known at the balance sheet date. These facts include but are not limited to interpretation of tax laws of various jurisdictions where the company operates. Any difference between the estimates and final tax assessments will impact the income tax as well the resulting assets and liabilities.

**(d) Estimation of provisions and contingencies**

Provisions are liabilities of uncertain amount or timing recognised where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past event whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgement and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigations. Judgment is necessary in assessing the likelihood of the success of the pending claim and to quantify the possible range of financial settlement. Due to this inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provision.

**Note 28: First time adoption of Ind AS**

This financial statement is the first financial statement that has prepared in accordance with the Ind AS together with the comparative period data as at and for the year ended 31<sup>st</sup> March 2017, as described in the summary of significant accounting policies. The transition date to Ind AS had been carried out in accordance with Ind AS 101-First Time Adoption of Indian Accounting Standards with 1<sup>st</sup> April 2016 as the transition date.

This note explains the exemptions availed by the company on first time adoption of Ind AS and the principal adjustments made by the company in restating its previous GAAP financial statements as at 1<sup>st</sup> April 2016 and financial statements as at and for the year ended 31<sup>st</sup> March 2017 in accordance with Ind AS 101.

Exemption in accordance with Ind-AS 101 (First Time Adoption of Indian Accounting Standards)

- a) For transition to Ind AS, the company has selected to adopt historical value of Building, Plant and Machinery recognized as of April 1 2016 as the deemed cost as of the transition date.
- b) The company has availed the exemption of fair value measurements of financial assets or liabilities at initial recognition and accordingly has applied fair value measurement of financial assets or liabilities at initial recognition prospectively to transactions entered into on or after 1<sup>st</sup> April 2016.
- c) The estimates as 1<sup>st</sup> April 2016 and at 31<sup>st</sup> March, 2017 are consistent with those made for the same dates in accordance with previous GAAP (after adjustments to reflect and differences in accounting policies) apart from the following items, which, under previous GAAP did not require estimation:
  - Fair values of financial assets & financial liabilities

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions as at 1<sup>st</sup> April 2016 and 31<sup>st</sup> March 2017.

**Reconciliation of Profit as per GAAP and as per Ind AS**

**1 Equity Reconciliation**

(Amount in INR in Lakhs)

Amortization of Deferred Revenue expenditure	23.99	0
<b>As reported under Ind AS</b>	<b>12101.57</b>	<b>11591.19</b>

**2 Total Comprehensive Income Reconciliation**
**(Amount in INR in Lakhs)**

Particulars	For the Year ended 31st March 2017
As reported under previous GAAP	503.21
Pref. Dividend(including tax on Dividend)	-19.26
Amortization of Deferred Revenue Expenditure	23.99
Fair Value Measurement of Investment ( measured at FVTPL )	2.44
Total comprehensive Income under Ind AS	<b>510.38</b>
Other Comprehensive Income	6.80
Net Comprehensive Income as per Ind AS	<b>517.18</b>

**Notes to reconciliation of equity as at 1 April 2016 and 31st March 2017 and total comprehensive income for the year ended 31st March 2017**
**a) Borrowings:**

Under previous GAAP transaction cost incurred in connection with borrowings are amortised upfront and charged to profit or loss for the period. Under Ind AS, transaction cost are included in the initial recognition amount of financial liability and charged to profit or loss using the effective interest method. Therefore borrowings as at 31st March 2018 have been reduced with the transaction cost of ₹ 6.00 Lakhs

**b) Dividend (including dividend tax)**

Under Ind AS, dividend to holders of preference shares is recognized as liability in the period in which the obligation to pay is established. Under Previous GAAP, dividend payable is recorded as a liability in the period to which it relates. This has resulted in an increase in equity by ₹ 16.86 Lakhs and ₹ 19.26 Lakhs as at 31st March 2017 and 1st April, 2016 respectively. Dividend paid on preference share capital (financial Liability) has been treated as finance cost under Ind AS so has been deducted from the total comprehensive income for the year 2016-17.

**c) Employee benefits**

Under previous GAAP, actuarial gains and losses were recognized in the statement of profit and loss. Under Ind AS, the actuarial gains and losses form part of re-measurement of net defined benefit liability/ asset which is recognized in other comprehensive income in the respective periods. This difference has resulted in an increase in net comprehensive income of ₹ 6.80 Lakhs for the year ended 31st March, 2017. However, the same does not result in a difference in equity or total comprehensive income.

**d) Fair Valuation of Property, Plant and Machinery**

For transition to Ind AS, the company has elected to adopt carrying value or historical value of Building, Plant and Machinery recognised as of 1st April 2016 as the deemed cost as of the transition date.

**e) Deferred revenue expenditure**

Under previous GAAP, deferred revenue expenditure had been capitalised under ledger name "product development" as at 1st April 2016 of ₹ 71.98 Lakhs which has been written-off to the extent of ₹ 23.99 Lakhs during the year 2016-17. Under Ind AS, No such deferred revenue expenditure is allowed to be capitalised and hence such expenditure had been fully written-off from equity as at 1st April 2016. The expenditure written-off to the extent of ₹ 23.99 Lakhs had been added to the total comprehensive income for the year ended 31st March 2017.

**f) Preference Share Capital**

Under previous GAAP redeemable preference share capital is required to be reported under equity. Under Ind AS redeemable preference share capital with cumulative dividend right is a financial liability to be reported as a non current borrowing and hence has been reduced from equity.

**Note: 29 Notes on Accounts**

**I. BASIC AND DILUTED EARNINGS PER SHARE :**

The basic earnings per equity share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share are computed using the weighted average number of equity shares and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value.

Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date. The number of equity shares and potential diluted equity shares are adjusted for stock split, bonus shares, Convertible Preference Shares, Share Warrants and the potential dilutive effect of Employee Stock Option Plan as appropriate.

Basic & Diluted Earnings per share of the company is as under:

Particulars	2017-18	2016-17
Profit for the year (Amount INR in Lakhs)	624.23	510.38
Profit after Tax attributable to equity shareholders (A)	624.23	510.38
