5 The SARS-CoV-2 virus responsible for COVID-19 continues to spread across the globe and India, which has contributed to a significant decline and volatility in global and Indian financial markets and a significant decrease in the economic activities. On 11 March 2020, the COVID-19 outbreak was declared as a global pandemic by the World Health Organization. Numerous governments have introduced a variety of measures to contain the spread of the virus. On 24 March 2020, the Indian Government announced a strict lockdown, which has now been extended upto 31 May 2020 and has provided guidelines for restrictions and relaxations in different zones across India during such period. The extent to which the COVID-19 will impact the Company's operations and financial metrics will depend on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic. In accordance with the Reserve Bank of India ('the RBI') guidelines relating to COVID-19 Regulatory Package, the Company has granted a moratorium on payments of instalments and/ or interest falling due between 1 March 2020 and 31 August 2020 to eligible borrowers. For such accounts, where the moratorium is granted, the asset/stage-wise classification shall remain stand still during the moratorium period. (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification). Basis the gradual lifting of the lockdown, all the branches of the Company are operational. The employees in the branches are permitted to work in accordance with the extant guidelines issued by the Ministry of Home Affairs (MHA) and respective state governments. The Company has started disbursements to customers in a gradual way from June 2020 onwards. The collections are showing improving trend month on month basis. The Company has sufficient funds and outstanding sanctioned credit facilities which are adequate for the foreseeable future. Accordingly, the Company does not expect a stress in the liquidity situation in the immediate future. However, the impact assessment of COVID-19 is a continuing process given its nature and duration. The Company will continue to monitor any material changes to future economic conditions. The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the half year ended September 30, 2020. Basis the same, the Company has made an additional Covid-19 related provision of Rs.550 lakhs towards impairment of its loan assets.
