Note: The above results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on September 14, 2020 and have been subjected to Limited Review by the Statutory Auditors.

Due to outbreak of Covid-19 a Nationwide Lockdown was imposed by the Government of India via MHA Order w.e.d. 23rd March and thereafter it was only during mid of May 2020 had granted permission to certain extent to run the factory. Since the Lockdown period all our business operations remained on standstill and was disrupted till mid of May 2020. Due to outbreak of Covid-19, many workers have migrated from Bangalore to other states. Hence due to such migration the Company had to face the shortage of workers for the operation of factory.

As per Government (Ministry Home Affairs) MHA Guidelines, the Government had allowed to operate the factory with all Safety and Security measures to fight against the Covid-19. Hence, company started its operation at our factory with 50% of its previous capacity only. The safety of employees and their health was the top priority for the company. Hence, company was not able to operate at its full extent to meet its minimum operating cost. Due to loss of income/sale and negative cash flow it became very difficult for the company to operate and to manage even the minimum operational cost. However, Company expects to receive carrying amount till its assets including trade receivables, inventory and advances in ordinary course of business.

However, Considering the fact that the situation is exceptional and is changing dynamically, the Company is not in a position to gauge with certainty, the future impact on its operations. Company is sure that demand in garments will take some time to return to pre-Covid-19 situation. In spite of many challenges of Covid-19 situation, we are exploiting new opportunity in protective apparel and textile industry to overcome the situation.

The Company has incurred losses of Rs. 1,465.17 lakhs (before other comprehensive income) for the quarter ended June 30, 2020 (Quarter ended June 30, 2019: Rs. 1,477.73 lakhs). The accumulated losses exceed its paid up capital and other equity as on June 30, 2020. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and therefore may be unable to realise its assets and discharge its liabilities in the normal course of business. The Management is currently implementing action to increase turnover, improve profitability and financial position and has assessed that it will be able to meet the working capital requirements for the next 12 months. The holding company has confirmed financial support to the Company to continue as a going concern. The Company is therefore being viewed as a going concern and the financial results have been prepared under the going concern assumption.

For the quarter ended June 30, 2020, the application of Ind AS 115 has resulted in the Finance costs being higher by Rs. 1,089.83 lakhs (Quarter ended March 2020: Rs. 1,018.95 lakhs) and loss after tax being higher by a similar amount vis-a-vis the amounts if the repeated standard was applicable. The basic calculated EPS would be Rs. (3.05) and diluted EPS would be Rs. (3.05).
